Morocco Earthquake & Libya Flood Response

Education Above All's Innovation Development (ID) award-winning **Internet Free Education Resource Bank (IFERB)** offers hundreds of **screen-free**, **low-resource** educational resources that are **engaging**, **interactive** and help develop **essential skills** in learners.

IFERB's offering of various learning resources, such as Project-Based Learning resources, Learning Packages, and Storybooks, caters to different age groups and learning styles.

In response to the earthquake that hit Morocco, Sep 8 2023 and the severe floods in Libya on Sep 12 2023, ID compiled a list of all the resources available in **Arabic and French**. All resources are free-access and open-source.

Resource	What is it?	Levels Available In	Languages	Links
Project-Based Learning Resources	*Student-led, hands-on projects through which students learn and apply core academic concepts while also building 21st century skills. Each project covers ~ **5 hours of learning**.* ***Learning time for each PBL resource: 1 hour per day for 1 week***	*8 PBL resources for level 1 (ages 6-7)* *9 PBL resources for level 2 (ages 8-10)* *10 PBL resources for level 3 (ages 11-14)*	*Arabic French*	*Project-Based Learning (AR)* *Project-Based Learning (FR)*
Learning Packages	*Student-facing workbooks focused on numeracy and literacy.* *Learning time for each package is 1 hour per day for a month.*	*Level 1 (ages 6-7)* *Level 2 (ages 8-10)* *Level 3 (ages 11-14)*	*Arabic*	Learning Packages (Arabic)
Storybooks with read-alongs	*200 stories in Arabic, accompanied by read-alongs so you can listen while you read.*	*The stories are for different levels and suitable for different age groups.*	*Arabic*	Arabic Readalongs

Partner With Us:

● Visit EAA's resource website to download any/all of these resources at no cost in addition to hundreds of more such free Project-Based Learning Resources, Math Games, Activities for Differently Abled Children, and Learning Packages.

● If you would like to use the resources and access **back-end tools**, **assessments**, **support** with creating an **education plan**, **training**, and **implementation support**, you could send us an **expression of interest** at **innovations@eaa.org.qa**.
